

Spanish, Year 7 - TERM 1.1

I LISTEN

- I can develop my listening skills through verbal repetition of key words and phrases throughout the lesson.
- I can listen to native speakers talk about their favorite hobbies and sports and I will extract specific information to check for understanding of key words.
- I can listen about school routines and which subjects people study on different days.
- I can use listening skills to help retain new vocab and help practice my pronunciation of words in the target language.

I SPEAK

- I can develop my speaking skills by doing peer speaking tasks by asking and answering specific questions related to each topic.
- I can learn how to formulate questions in Spanish and develop my answers to achieve fluency.
- I can introduce myself and talk about where I live.
- I can talk about my age and birthday.
- I can express opinions about which subjects I study at school favourite teachers.

I READ

- I can use reading comprehensions in each topic to extract key words and to understand how to form sentence structure in Spanish.
- I can use reading texts as a model to structure my writing.
- I can read out loud in lesson to recognise cognates to help build my vocabulary bank.

I WRITE

- I can write a short description to introduce myself.
- I can write about where I live.
- I can write about my age and birthday.
- I write about which subjects I study at school and give opinions and reasons about my favourite teachers and subjects.
- I can write a detailed description about the sports I play and do and how often, the music I like/dislike to listen to and what I use my phone.
- I can develop my writing skills using a range of opinion and adjectives and the negatives to express contrasting opinions.

I READ
